ONROAD

Welcome to **Onroad Kochi.**

Perfection Ahead!

CAN YOU HEAR THE REV?

Imagine your car acquiring a new avatar in front of your eyes. Imagine your car reflecting your personality. Imagine your car in its past or future versions. Onroad Bodyshop can make all your car dreams come true. Since its inception, Onroad, India's first multi-branded body-shop chain, has redefined the concept of car ownership. Our first outlet in Malappuram is now a coveted destination for auto enthusiasts across the country.

We have to our credit a massive 10,000 body-shop jobs, 350 full-body paint jobs, over 120 facelifts and over 50 vintage car restorations. Mind you, we started in 2019. It's a place where all vehicles are welcome regardless of the make or model because, we love everything that has wheels.

YEAH KOCHI, LET'S ROLL!

Our new outlet is all set to be the Kochi's largest automotive hub for car enthusiasts. Equipped with a state-of-the-art body-shop that spans 25,000 sq.ft. built up area, multiple brands in products and services, and a team of specialist mechanics, engineers, and managers, Onroad is unlike any other body-shop in the country. Drive in and feel the difference. It's going to be surreal.

FACELIFT

It feels good to give your car a fresh face, doesn't it? Onroad has done several of India's first facelifts including the Toyota LC200 to LC300 that went viral. What you see below is one of our latest, the 2012 G55 to 2022 G63. We can deliver your car in the look you imagine. For color change, we will get it RTO approved too so that all you have to do, is get back on road, in style.

2012 TO 2022

PAINT SHOP

A paint booth powered by the best available technology in the world. The booth maintains static energy so that no dust enters, and with highly customised and fully grated filters and baking option, perfection is a guarantee. At work is a squad of super-professionals with experience and expertise. We have such options for colour, ranging from OEM paints, custom paints, smart paints and more, and to implement your dream colour, we ensure impeccable application. Welcome to the world of colours.

PAINT SHOP

If you care for perfection., this is your paint shop.

DETAILING

ONROAD executes car detailing using latest machinery, professional staff, and certified cleaning supplies. All this comes at a competitive price and with a super-quick delivery. We also have snow-foaming wash, to remove the grit and grime gathered on your car. Trust us, your car will thank you after a snow-wash.

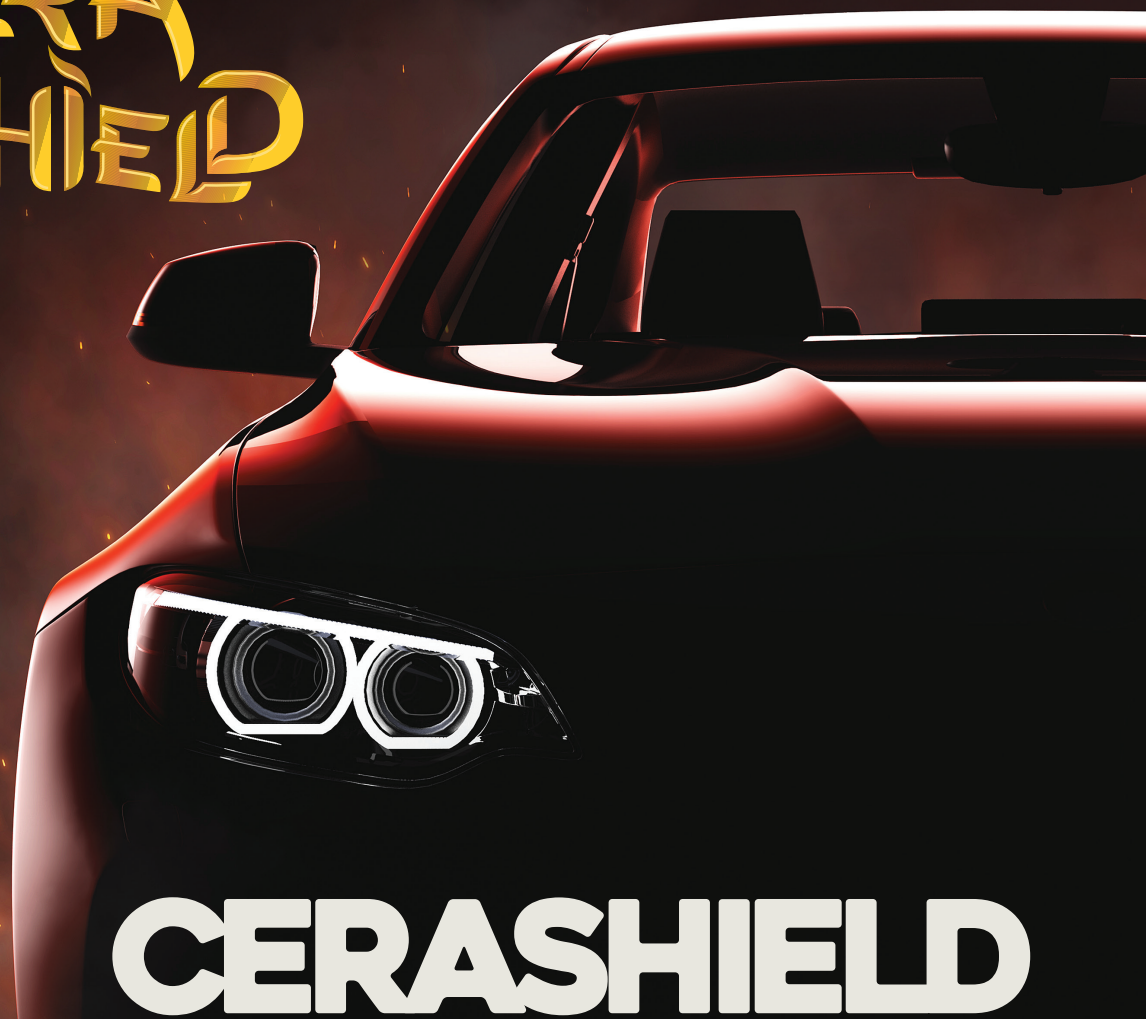

CERASHIELD

PAINT PROTECTION FILM (PPF)

GRAPHENE COATING

CERASHIELD

Born out of German R&D, there is no better protection for your car's body than Cerashield. It resists soot and gas emissions which is the foremost reason for fading. It ensures durable high gloss and deflects UV and chemical interferences. Once applied, the sheen will be forever sealed. And if you wish to remove it, that's no hard task either, thanks to the specially made removal gel. In short, your car will stay brand new with Cerashield.

PAIN PROTECTION FILM-PPF

Paint Protection Film is a preferred option today for a lot of four wheeler owners and we bring the best for your car. Onroad provides the brand GSWF which is one of the best in the market for thermoplastic urethane used for PPF. It is a self-healing film applied to painted surfaces of a new or used car. With GSWF, we offer over 38 shades.

GRAPHENE COATING

Gives a Rich, Deep Shine and Non-Stick Coating

*Graphene coatings are considered the newest innovations to
emerge in the automobile industry.*

RESTO- RATION

A boon for auto-enthusiasts, ONROAD can get your vintage car back to its original form. Bring in your vintage car and we will restore it to perfection. The cars we have restored have made headlines already, not to forget the 1983 Maruti 800, which was featured in a movie. Be it the skin, the wheels, the lights, the chrome, the fabric, the consoles or the leather, we will restore them carefully, like a piece of art. So get your nostalgia on and bring your car down. We will get your vintage pride back on the road in all its glory.

RESTORATION

Onroad is a trusted brand for vehicle restoration. We bring vintage back to life, in style.

INTERIOR CUSTO- MIZATION

Your wish is our command when it comes to leather seat covers. We have the widest range of options and the capacity to procure the exact model you are looking for. Without doubt, there will be no compromise in quality and you can trust us for its longevity. We also have a range of options for dashboard painting, to upgrade your car's looks to premium.

The image shows the interior of a car, focusing on the front seats and the center console. The seats are upholstered in a dark red leather with a perforated texture. The center console is black with white stitching. The background shows the dashboard and steering wheel, which are partially visible. The overall lighting is dim, creating a sophisticated and modern atmosphere.

INTERIOR CUSTOMIZATION

If you feel that your car interior can use a makeover, Onroad is the best place with a maximum number of options.

FAST LUBE

An oil change is a headache. Our Fast Lubes facility changes that for you. We will examine and renew the oil if needed, clean the filters and get your engine back to its smooth self, all in one hour. Our diagnostics wing will also be involved in the process. So, ride in, get a lube check, and keep rolling.

FAST LUBE

We make oil change faster and better. Improve the efficiency of your car in an hour.

HYDRO- DRIPPING

We are equipped to go to any extent for perfection. Hydro-dipping is a scientific method for a flawless make-over. A method of applying printed designs to 3-D surfaces, the hydrographic process can be used on metal, plastic, glass, hardwood, and other materials. It's a paint process adopted worldwide for utmost perfection and is now available at ONROAD.

HYDRO-DRIPPING

Hydro-dripping is a expert paint process that gives your vehicle the perfect shine.

DIAGNOSTICS

If somebody asks about the condition of your car, chances are that you either have no idea, or your answer is an educated guess. Both cannot be relied on when you are selling or buying a car. That's why we have tailor-made services to ensure the health of your car. Except for mechanical repairs, we have everything starting from electrical and electronic component repair and restoration to wheel alignment and a full-report health certificate, we have it all. Keep your car's health in check.

ELECTRICAL AND ELECTRONIC COMPONENT REPAIR

Most premium and luxury car owners fret about the electronic parts of their cars – the various sensors and chips. At ONROAD, we have a diagnostics wing specialising in repairing and restoring electrical and electronic components at prices that beat the original manufacturers.

WHEEL ALIGN- MENT

Wheel alignment is central to a car's well-being. Everything, starting from fuel efficiency, and handling, to performance, depends on the right alignment of tires. We have installed the most scientific equipment for 100% accuracy. We also provide nitrogen filling and other tire-related services, on demand.

HEALTH CERTIFICATES

We have the most contemporary car diagnostics mechanism available at the moment. Whether you need a reality check or if you are considering selling your car, a health certificate from ONROAD will go a long way in understanding the state of your vehicle and its value in the market. We run full diagnostics and you get a detailed report upon which you can base your decision to buy or sell the car.
